# Different Flooring Systems

# CONTENTS

01

## Running Track System

Athletic Tracks.

02

## Jogging Track System

Walking Path and Jogging Track system.

03

## Indoor PU Flooring system

Sports Halls and Multipurpose Courts

04

## EPDM Flooring

Kids Playground and Sports Grounds

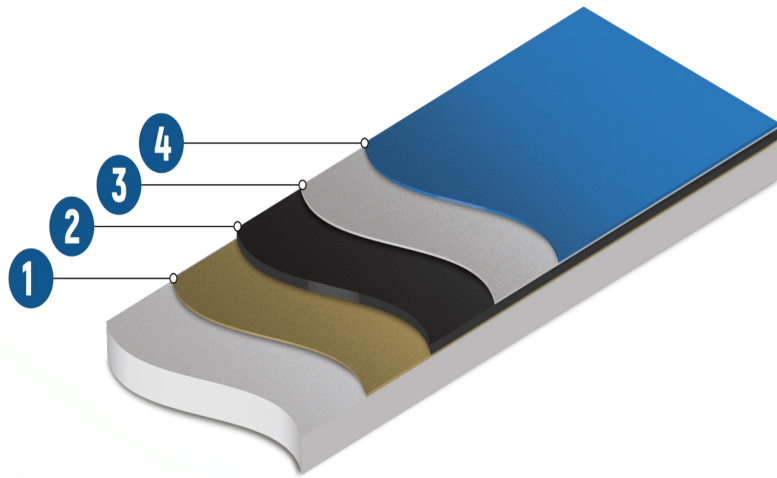

05

## Acrylic Flooring system

Multipurpose system courts.

# Running Track System

It is Polyurethane coating of “sandwich” type, flexible, seamless, water impermeable, two-layer, anti-slide, resistant to spikes, installed “in situ” (directly at the construction site).

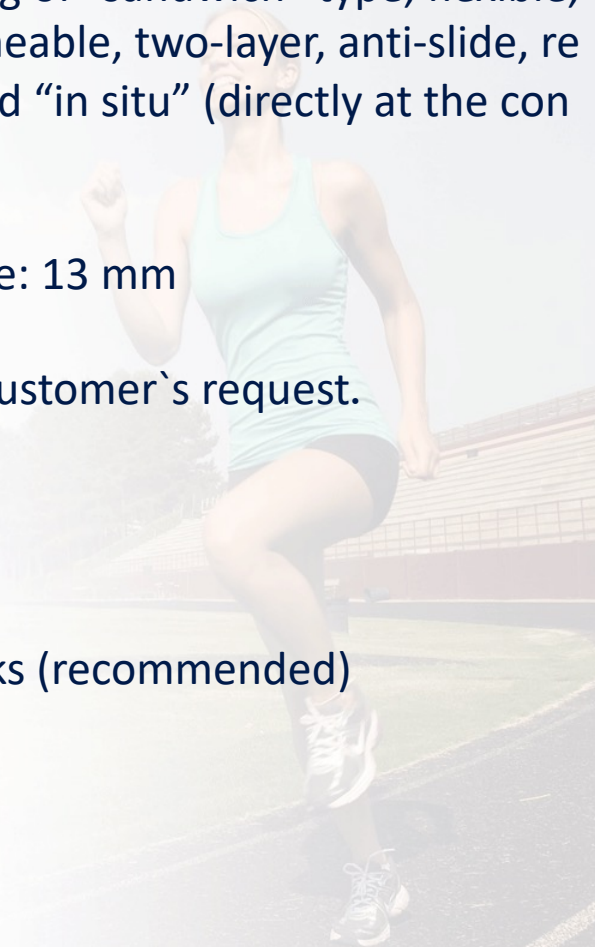

Total thickness of surface: 13 mm

The color of surface at customer`s request.

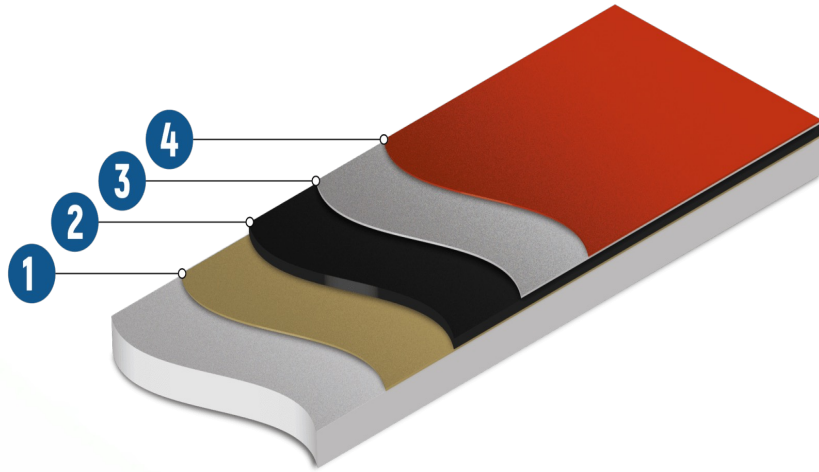

## Application:

- Olympic Athletics tracks (recommended)

# Jogging Track System

The sport of running is becoming increasingly popular worldwide and the trend is set to continue.

However, residents in urban areas are looking more and more for an opportunity to practice their sport away from asphalted sidewalks.

HHTW offers comfortable activity track systems and walkways that meet this need and can be installed directly on existing asphalt or concrete.

Even where this kind of substrate is not already in existence, HHTW has a perfect alternative.

Topcoat color can be UV Resistance Blue, Orange, Red and Green.

## Application:

- Jogging Track/Walking Path (Recommended)
- Indoor & Outdoor Kids Play Areas.
- Indoor & Outdoor Gym Flooring.

# Indoor PU Flooring System

It's a Polutrtheance system which consist of SBR (cusioned) system which applied by Paver machine on top of screed followed. by Coating system to give elasticity, toughness and ductility.

Its point elastic indoor sports surface system to protect players from serious injuries such as: Joints.

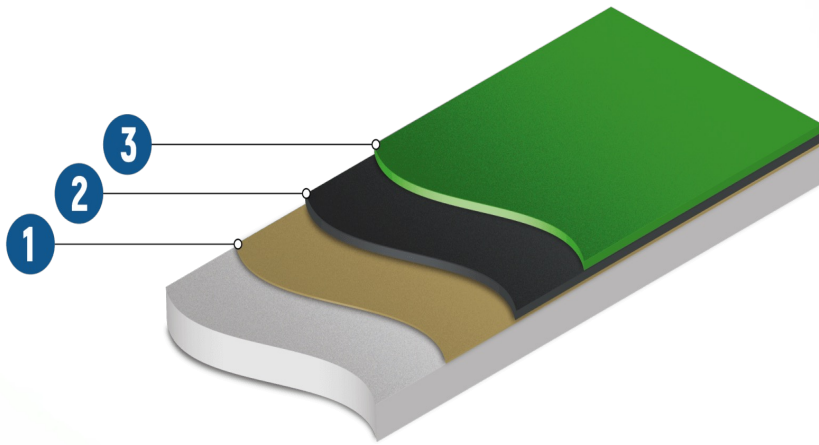

HHTW can offer variety of colors Glossy, Semi-Gloosy and Matt Finish.

Application:

- Sports halls and Multi-purpose uses.

# EPDM Flooring System

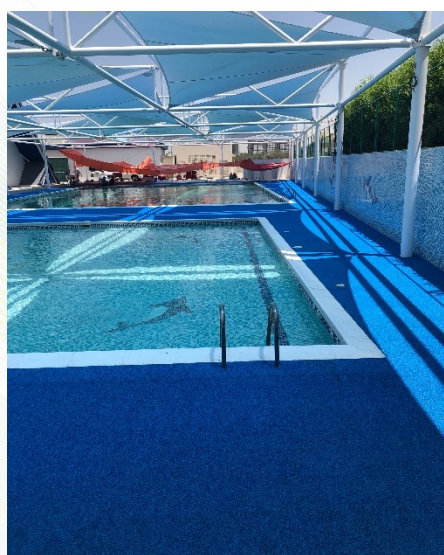

It is Polyurethane coating of “sandwich” type, flexible, seamless, anti-slide, water permeable, two-layer, machine installed “in situ” (directly at the construction site). Sports shoes with spikes are allowed.

Total thickness of the surface: from 20mm to 120 mm.

The color of surface at customer’s request.

## Application:

- Multi-purpose sports fields.
- Athletics tracks (optional)
- Kids Play Areas.

## Horse stables

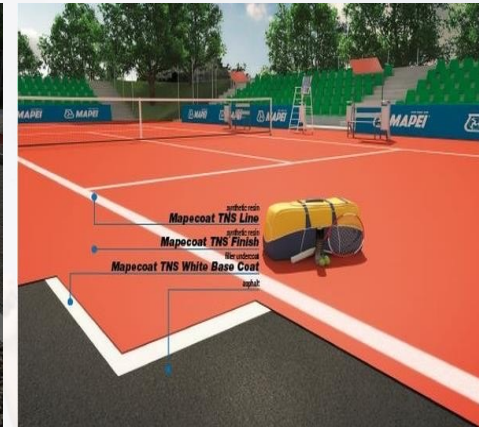

The floor of the stables should be elastic, so that it will give a good movement of the horse, and also for the place of its sleep. There are types of stables rubber floors, through which it is possible to choose the most appropriate and correct for the needs of the horses.

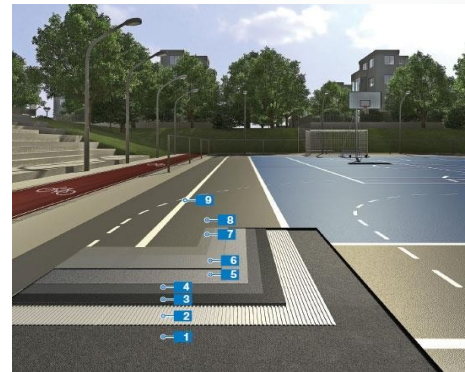

# Acrylic Flooring System

- **Mapecoat TNS System** is a coating and finishing system made from acrylic resin in water dispersion and selected fillers with high resistance to wear, UV rays and various weather conditions. It may be used to form flooring for indoor and outdoor sports and Multi-purpose areas.

- Sports surfaces made using **Mapecoat TNS System** are relatively elastic, offer excellent playing comfort and have excellent technical performance characteristics, such as the bounce of the ball, sudden changes in direction while running and a high degree of safety and provides an excellent balance between stability and sliding for those who use such surfaces.

- The following Mapecoat TNS System configurations are available:
  - 1- Mapecoat TNS Cushion.
  - 2- Mapecoat TNS Multisport Professional.
  - 3- Mapecoat TNS Urban.

# Artificial Grass Systems

# CONTENTS

01

## Landscape Grass System

20mm, 25mm, 30mm, 35mm and 40mm

02

## Football Field System

50mm, 60mm

03

## Paddle Courts System

10mm, 12mm

# Landscape Grass System

HHTW can offer Europe landscape grass with different thickness, where it can be used at:

- 1- Balconies,
- 2- Driveways,
- 3- Between Pavers,
- 4- Terrace,
- 5- Pet areas,
- 6- Schools & Nurseries,
- 7- Exhibitions.

Landscape Grass pile heights are:  
25mm, 30mm, 35mm and 40mm.

Advantages of Artificial Grass:

- 1- No water Bills,
- 2- No Harmful Materials,
- 3- UV Resistance,
- 4- No Weeding,
- 5- Natural looking.

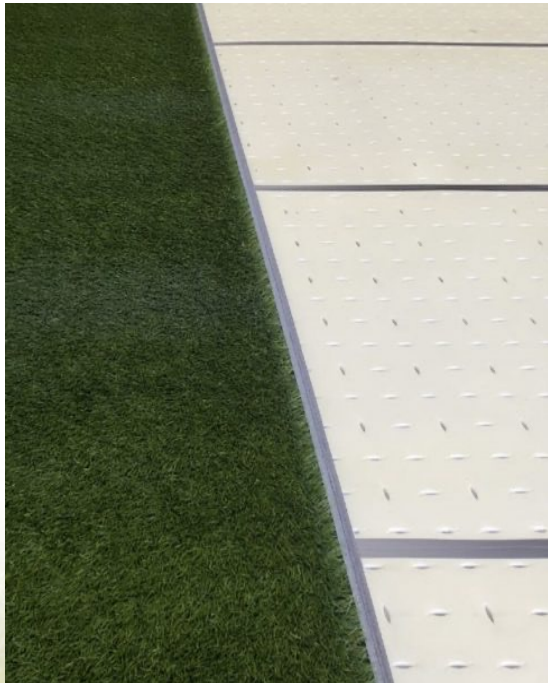

# Football Field Grass system

*HHTW can offer Europe Football grass with different thickness, where it can be used at:*

- 1- Five/Seven/Eight/Eleven-A-Side Football,*
- 2- Rugby,*

*Landscape Grass pile heights are:  
50mm & 60mm & Shock Pad*

# Paddle Courts System

**Paddle - The world fastest growing sport is getting closer to you. Use the power of Paddle to your vantage for your location.**

## 01 Cleaning by Robotics

# Automatic Pool Vacuum Cleaner Chrono

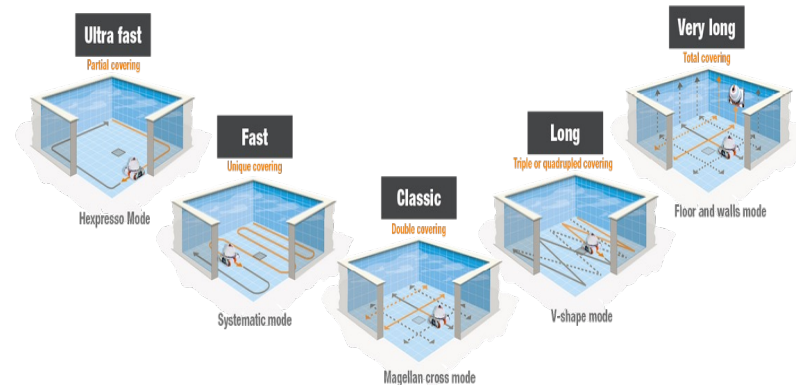

The pool vacuum possesses a special front handle to come out of water. Effortless: possibility of optional winch trolley, inflatable wheels to be able to pass through the pediluviums ...

New touch screen interactive dashboard, the robot goes all alone into water by its remote control immediately or with delayed departure

## Robot Specification:

- Camera onboard!
- Robot configurable at your will to best fit your needs.
- Automatic Mode via an intelligent Magellan program.
- Use of a 8-function radio control, waterproof, anti shock, long range.
- simplified descent into the water thanks to its stainless-steel trolley.
- Simplified filter cleaning without touching impurities.
- A self diagnostic system for easy maintenance.
- LED camera finally making it possible to clean the pools with mobile bottom.
